EDUCATION

2022 - today	**Master Degree in Physics** at University of Milano-Bicocca *Focus on: Theoretical Physics and Quantum Information Science*
2019 - 2022	**Bachelor Degree in Physics** at University of Milano-Bicocca *Thesis: Scattering Theory in Quantum Mechanics and Coulomb potential* *Final mark: 110/110 cum laude*
2014 - 2019	**High School Diploma** at Liceo Scientifico Galilei (Borgomanero, Italy) *Final mark: 98/100*

SKILLS AND QUALIFICATIONS

Programming Languages

Familiar with	C, Matlab, Python.

Languages

Italian	Native
English	C1 level

Certificates

English	First Certificate in English (FCE)

INTERESTS AND GOALS

I am interested in expanding my study of Quantum Information Science and its potential applications in the areas of Quantum Computing, Quantum Machine Learning and Quantum Cryptography, where I can leverage the strong foundations in Mathematics, Computer Science, and Quantum Physics and the analytical and problem-solving skills acquired in my academic background.
